- Set goals for the project:
  - Short term: detect anxiety attacks using outlier data
  - Long term: track mental health over time to find patterns
- Asher ordered a bluetooth module for CPE 490 that we can use for this project as well
- Allison started learning Android for CPE 490, which will also be useful for this project
- Martha did some work on the Gantt Chart
- Martha laid out everything that might be required of the fall midterm report

I pledge my honor that I have abided by the Stevens Honor System.
